OPTIMIZING PERSONALIZED THERAPY FOR CANCER PATIENTS IN THE ERA OF JKN AND MEA

First Announcement

SKP IDI

PIT PERABOI XXIII
HERMES PALACE HOTEL
Banda Aceh, 25 - 28 October 2016

SAMBUTAN

Assalamualaikum warahmatullahi wabarakatuh

Puji dan syukur kita panjatkan ke hadirat Allah SWT atas berkat Rahmat-Nya kita dapat menyelenggarakan Pertemuan Ilmiah Tahunan PERABOI (Perhimpunan Dokter Sub-Spesialis Bedah Onkologi Indonesia) yang ke XXIII, bertempat di Banda Aceh.

PERABOI senantiasa berupaya meningkatkan pengetahuan tentang kanker dan pengelolaannya terutama berbasis pembedahan kepada seluruh anggotanya serta para dokter lainnya di Indonesia, untuk itu penyelenggaraan PIT PERABOI dilakukan di berbagai daerah secara

bergantian. Diharapkan pertemuan ini dapat turut mengakselerasi kemajuan pengelolaan kanker di seluruh daerah di Indonesia. Jumlah kasus penyakit kanker di Indonesia meningkat setiap tahunnya, kebutuhan akan fasilitas serta peningkatan kemampuan pengelolaan kanker terkini dirasakan turut bertambah. Pada Pertemuan Ilmiah Tahunan ini disajikan symposium dan makalah ilmiah *update* terkini di bidang Onkologi, khususnya tentang kanker payudara, kanker tiroid, kanker kepala dan leher, kanker kulit, serta keganasan jaringan lunak.

Partisipasi aktif para sejawat serta dukungan semua pihak sangatlah diharapkan. Selamat mengikuti PIT, sampai jumpa di Banda Aceh.

Wassalamualaikum warahmatullahi wabarakatuh

Ketua PP PERABOI

Dr. Dimiyati Achmad, dr. SpB(K)Onk

Assalamualaikum warahmatullahi wabarakatuh

Sejawat yang terhormat,

Sebagai bagian dari keputusan muktamar X Perhimpunan Ahli Bedah Onkologi Indonesia (Peraboi) di Malang pada 21-23 Oktober 2015 yang lalu, Banda Aceh diamanatkan menjadi tuan rumah sekaligus pelaksana Pertemuan Ilmiah Tahunan Perhimpunan Ahli Bedah Onkologi Indonesia (PIT Peraboi) XXIII.

Adalah suatu kenyataan bahwa pelayanan kesehatan di Indonesia yang di dalamnya termasuk pelayanan bidang bedah onkologi tidak terlepas dari system Jaminan Kesehatan Nasional (JKN) dan adalah kenyataan juga bahwa kita sudah memasuki periode Masyarakat Ekonomi Asean (MEA). Kenyataan demikian mempunyai implikasi dalam pelayanan kesehatan. Antara kebijakan yang berhubungan dengan system kesehatan kita dalam suatu negara dengan perkembangan pasar regional yang menuntut kualitas pelayanan tertentu pula.

Pada pertemuan kali ini kita mengangkat topik **Optimalisasi dan Efisiensi Personalized Therapy pada Pasien Kanker di Era JKN dan MEA**. Pada akhir sesi diharapkan kita akan semakin tercerahkan dan semakin menyadari posisi kita dalam pelayanan bedah onkologi dalam masa sekarang ini.

Kami menunggu kehadiran sejawat di tanah paling barat negeri tercinta ini, Banda Aceh, Tanah Rencong, Kota Serambi Mekah.

Wassalamualaikum warahmatullahi wabarakatuh.

Ketua Panitia,

dr. Noer Faisal Darmi, SpB(K)Onk
